LONDON PROVINCIAL

ENGLISH UNIVERSITIES.

UNIVERSITY OF OXFORD.

(Founded 872.)

	Elected.
CHANCELLOR, Marquis of Salisbury	1869
VICE-CHANCELLOR, Reverend B. Jowett, M.A., Master of Balliol College	1882
REGISTRAR, Reverend E. T. Turner, M.A. of Brasenose College	1870

The following statement gives the chief particulars concerning the *University of Oxford* as place of Education in its relations to Medicine.

The affairs of the University are managed, and its regulations are made, either by a Convocatio consisting of all Doctors in Divinity, Law, and Medicine, and Masters of Arts, or by the Residen Doctors and Masters, or by the Council.

There are 25 Colleges and Halls in Oxford. Every Student must reside in one or other of the for a period of three years, or, being matriculated, reside in lodgings during that time.

During these three years, he has to pass at least two Examinations in Arts, and one in eithe Mathematics, Natural Science, or Law, Modern History, or Theology, when if he obtain a fir second, or third class, he can take his B.A. degree; if he do not gain such honours, he has to pass third examination in Literis Humanioribus.

A Student deciding to graduate in Medicine should proceed as follows:

1st. To enter at a College or Hall or become an unattached Student by applying to t "Delegates of Unattached Students."

2nd. To pass the requisite Examinations in Arts.

3rd. After passing the requisite Examination for the degree of B.A., to spend two years study * prior to a Scientific Examination for the Degree of Bachelor of Medicine; t two years more prior to the final or practical Examination for the same Degree. These t years of medical study may be spent either out of or in Oxford, at a first-class Hospit

This Degree confers the Licence to Practise. For the Degree of Doctor in Medicine a dis tation has to be publicly read three years after the B.M.

The instruction in Natural Science is carried on at the MUSEUM, where the following Teac and Officers have their Departments:—

Regius Professor of Medicine, H. W. Acland, M.D., D.C.L., F.R.S.
Savilian Professor of Astronomy, Rev. C. Pritchard, M.A., F.R.S.
Savilian Professor of Geometry, ———
Professor of Experimental Philosophy, R. B. Clifton, M.A., F.R.S.
Demonstrator of Experimental Philosophy, W. N. Stocker, M.A.
Professor of Natural Philosophy, Rev. B. Price, M.A., F.R.S.
Professor of Geology, Joseph Prestwich, M.A., F.R.S.
Professor of Mineralogy, M. H. N. Story Maskelyne, M.A., F.R.S.
Professor of Chemistry, W. Odling, M.A., F.R.S.
Linacre Professor of Human and Comparative Anatomy, H. N. Moseley, M.A., F.R.S.; A ant, S. J. Hickson, B.A.
Waynflete Professor of Physiology, J. S. Burdon-Sanderson, M.D., F.R.S.
Professor of Zoology, J. O. Westwood, M.A., F.L.S.
Lee's Reader in Anatomy, John B. Thompson, M.A.
Demonstrator in Anatomy, Charles Robertson.
Assistant Professor of Chemistry, W. W. Fisher, M.A.
Demonstrator in Sanitary Laboratory, ———. Public Analyst, W. W. Fisher, M.A.
Radcliffe Librarian, H. W. Acland, M.D., F.R.S.
Sherardian Professor of Botany at the Botanical Garden, ———.
Lee's Reader in Chemistry at Christ Church, A. G. V. Harcourt, M.A., F.R.S.
Lee's Reader in Physics at Christ Church, R. E. Baynes, M.A.
Lecturers in Natural Science (Magdalen), E. Chapman, M.A., and C. J. F. Yule, M.A.; (E and Wadham), W. L. Morgan, M.A.; (Balliol, Exeter and Trinity), H. B. Dixon, M (Merton), J. Watts, M.A.; (St. John's), W. H. Jackson, M.A.; (Keble), E. B. Poulton, and Sir J. Conroy, Bart., M.A.

The Medical Examinations take place annually in the Trinity Term.

Scholarships of about the value of 75*l.* are obtainable at Christ Church, Magdalen, and Colleges, by competitive Examination in Natural Science. Every year in the Lent Term a Ea Travelling Fellowship is competed for by any who, having taken a first class in any of the Examinations of the University, or having obtained some University Prize or Scholarship o general competition, propose to study Medicine. The Travelling Fellows receive £200 a ye three years, half this period being spent in study abroad.

More detailed information concerning the University may be obtained from the Univ Calendar and Student's Handbook to the University, to be purchased of any Bookseller; con the General Education, from the Heads of Colleges; concerning the Medical Examinations, courses of study in general, from the Regius Professor of Medicine; concerning the Sci Education, from the Professors in the several Departments, as above named; and concerni public business of the University, from the Registrar.

* If he have taken the higher honours in the Natural Science School, he may go in for the M.B. Examination on the first opportunity.

LONDON PROVINCIAL

Proceedings in Physic. M.B.

The candidate for M.B. must have resided nine terms (nearly three years), have passed the Previous Examination in Classics, Mathematics, &c., or its equivalent, as above stated, and have been engaged five years in medical study, either in the University or in some recognised School of Medicine. Only four years of medical study are required of those who graduate with honours as B.A.

There are three Examinations for M.B. held in June and December. They are partly in writing, partly oral, and partly practical.

The First Examination may be passed at any time after the Previous Examination. It is in I. Chemistry and other branches of Physics, and II. Elementary Biology; and the student may take the two parts either together or separately. The candidate must have attended a course of lectures on Chemistry and on Practical Instruction in Chemical manipulations before admission to Part I.

The Second Examination is in two parts, which may be taken together or separately. I. Pharmacy and Pharmaceutical Chemistry. Before admission to this, Lectures or Demonstrations in Pharmacy and Pharmaceutical Chemistry must be attended. II. Human Anatomy and Physiology. Before admission to this, Lectures must be attended on Human Anatomy and on Physiology and on Hospital Practice for six months.

The Third Examination is in two parts, which may be taken separately or together. I. Principles of Surgery, Midwifery and Diseases peculiar to Women. Before admission to this, attendance is required on Lectures on Pathological Anatomy, Principles of Surgery, and Midwifery, and ten cases of Midwifery, Surgical Practice of a Hospital (with Lectures in Clinical Surgery) during one year; also a certificate of vaccination. Pt. II. Pathology, Principles and Practice of Physic, Elements of Hygiene, Medical Jurisprudence. Before admission to this, Medical Study must have been completed, and Lectures attended on Principles and Practice of Physic, Physiological Action and Therapeutic uses of Remedies, and Medical Jurisprudence; also Medical Practice of Hospital (with Lectures in Clinical Medicine during three years), and Candidate must have been Clinical Clerk, or had special charge of patients for six months.

M.D.

The candidate can be admitted to the degree of M.D. in the ninth term (nearly three years) after taking the degree of M.B. A Master of Arts may be admitted to the degree of M.D. at a prescribed period, when he has produced the same certificates and passed the same Examinations are required for the degree of M.B.

An Act has to be kept similar to that required for M.B., and the Candidate is required to write a short extempore essay on one of four topics, relating severally to Physiology, Pathology, Practice of Medicine, and State Medicine, the selection being made by himself.

B.S.

The candidate for the Examination for the degree of Bachelor of Surgery must have passed the first part (Surgery and Midwifery) of the third examination of M.B., have attended Surgical practice of a Hospital two years, and acted as Dresser or House-Surgeon for six months as well as have gone through a course of instruction in Practical Surgery. The subjects of Examination are—(1) Surgical Operations and the Application of Surgical Apparatus; (2) Examination of Surgical Patients. Before admission to this degree he must pass the Examination for the degree of Bachelor of Medicine.

M.S.

The candidate for the degree of Master in Surgery is required to have passed *all* the Examinations for the degree of Bachelor of Surgery at least two years. The Examination is in Biology, and the Principles and Practice of Surgery, Clinical Surgery, Surgical Anatomy, Surgical Apparatus; and a short Extempore Essay has to be written on some surgical case or

The full time required for the degrees of M.B. and B.S., from entrance at the University, rather more than *four* years in the case of those who graduate with honours, as B.A. in one of the Tripos. Many Medical Students take this course, and go through the Natural Sciences Tripos, because subjects of the examination (Biology, Chemistry, and Anatomy) are akin to those of the first and second Examinations for the degree of M.B. In the case of Students who do not graduate with honours, the time required to obtain the M.B. and B.S. degrees is *five* years. The expenses at Cambridge, including residence, lectures, &c., are about 150*l.* per annum; but these are in many cases lessened by Scholarships, which are very numerous, and are obtainable by most Students of merit and ability. Some of these Scholarships are given for proficiency in Natural Science, and are open to competition to students who have not entered the University. Information respecting the Scholarships and on other points, may be obtained from "The Students' Guide to the University of Cambridge." Non-collegiate students can pass through the University at less expense. The Cavendish and Selwyn Colleges have been founded to enable students to pass through the University at an earlier age and at less cost than was formerly possible.

EXAMINATION IN STATE MEDICINE.

Any person whose name is on the Medical Register of the United Kingdom may [illegible] himself for this examination, which is held in October, provided he is 24 years of age. The examination will be in two parts.

Part I. will comprise:—Physics and Chemistry. The principles of Chemistry, and [illegible] of analysis with especial reference to analysis (microscopical as well as chemical) of air and [illegible]

Digitized by Google

The laws of heat, and the principles of pneumatics, hydrostatics and hydraulics, with especial reference to ventilation, water-supply, drainage, construction of dwellings, disposal of sewage and refuse and sanitary engineering in general.

Part II. will comprise:—Laws of the realm relating to public health. Sanitary statistics. Origin, propagation, pathology, and prevention of epidemic and infectious diseases. Effects of overcrowding, vitiated air, impure water and bad or insufficient food. Unhealthy occupations and the diseases to which they give rise. Water-supply and drainage in reference to health. Nuisances injurious to health. Distribution of diseases within the United Kingdom, and effects of soil, season and climate.

The examinations in both parts will be oral and practical as well as in writing. Candidates may present themselves for either part separately or for both together at their option.

Every candidate will be required to pay a fee of four guineas before admission to *each part* of the examination.

Every candidate who has passed both parts of the examination to the satisfaction of the examiners will receive a certificate testifying to his competent knowledge of what is required for the duties of a Medical Officer of Health.

All applications for admission to this examination or for information respecting it, should be addressed to Professor Liveing, Cambridge.

UNIVERSITY OF DURHAM.

Visitor, The Bishop of Durham.
Governors, The Dean and Chapter of Durham.
Warden, The Dean of Durham.

There are two Licenses and three Degrees conferred—viz., a License in Medicine and a License in Surgery, and the Degrees of Bachelor in Medicine, Master in Surgery, and Doctor in Medicine. A Certificate of proficiency in Sanitary Science is also awarded.

For the Degree of Bachelor in Medicine there are two professional examinations, each being held twice yearly. In 1884 the First will commence on April 21st, and again in September or October, and the Second on June 23rd and again in December. The subjects for the First Examination are Anatomy, Physiology, Chemistry, and Botany. For it Candidates must produce the following Certificates:—

1.—Of Registration as a Medical Student;

2.—Of having passed one of the following Examinations in Arts—viz., (*a*) The Examination for Matriculation in Arts at one of the following Universities, viz.:—Oxford, Cambridge, Durham, London, Queen's (Ireland), Edinburgh, Glasgow, St. Andrew's, Aberdeen, Calcutta, Madras, Bombay, McGill College (Montreal), and Queen's College (Kingston); or

(*b*) The Preliminary or Extra-professional Examination for graduation in Medicine at one of the following Universities, viz.:—London, Edinburgh, Glasgow, St. Andrew's, Aberdeen, and Queen's (Ireland); or

(*c*) The Preliminary Examination in Arts qualifying for the Membership of the Royal College of Physicians of London, or for the Fellowship of the Royal College of Surgeons of England; or

(*d*) A Certificate of having passed the Preliminary Examination in Arts for the Degrees in Medicine of the University of Durham. This Examination is held twice yearly in April and September, at the same time as the Registration Examination. The next Examination will commence on April 25th, 1884, and will include the following subjects, viz.:—*Necessary subjects.*—Greek: Xenophon's Anabasis, Book iv. Euclid: Books iii. and iv. *Optional Subjects* (*of which only must be taken*). Latin: Cicero's De Amicitiâ. French: Voltaire's Louis XIV., Chaps. iii. German: Goethe's Knabenjahre. Mechanics, Hydrostatics, and Pneumatics. English History: Richard I.—Richard II. Another Examination will commence on September 23rd, 1884. Application for admission must be made at least one month before the Examination. The fee will be £1.

Candidates who, at the commencement of their professional education, passed the Arts Examination for registration only, may pass in the extra subjects required for the M.B. Durham either before or after presenting themselves for the first Examination for the Degree, but must do so before presenting themselves for the Final Examination).

3.—Of attendance on two Courses of Anatomy, on one of Physiology, on one of Theoretical Chemistry, and on one of Botany, of twelve months' Dissection, and of attendance on a course of Practical Physiology of not less than thirty lessons.

The subjects for the Second Examination are Medicine, Surgery, Pathology, Materia Medica, Therapeutics, Midwifery, Diseases of Women and Children, and Public Health. For it Candidates must produce the following Certificates, viz.:—(1) of being not less than twenty-one years of age; (2) of good moral character; and (3) of attendance on the remainder of the course of Medical and Surgical Study as prescribed by the Royal College of Surgeons of England for the Membership, together with the following additional subjects, viz.:—One Course of Lectures on Medicine, one on Therapeutics, and one on Public Health, and Medical Hospital Practice with Clinical Lectures during one Winter and one Summer Session. There must be proof that the whole course of Professional Study has occupied at least four years.

SCOTLAND
IRELAND
FOREIGN
ARMY, NAVY, DENTAL &c.

Digitized by Google

N.B.—It is required that one of the four years of Professional Education shall be spent in attendance at the College of Medicine, Newcastle-upon-Tyne. During the year so spent the Candidate must attend at least two courses of Lectures in the Winter Session and two in the Summer Session, together with the Class and Test Examinations held in connection with those Classes, and must also attend Hospital Practice and Clinical Lectures at the Infirmary during the same period. Candidates may fulfil this portion of the Curriculum at any period before they present themselves for the Final Examination for the Degree, but are strongly recommended to do so previously to the First Examination. They are not required to reside at Durham. The other three years of the Curriculum may be spent either at Newcastle-upon-Tyne, or at one or more of the Schools recognised by the Licensing Bodies named in Schedule A of the Medical Act (1858).

Candidates who are already qualified by any other of the Licensing Bodies are required to attend for one Winter and one Summer Session at the College of Medicine, Newcastle-upon-Tyne, in the manner indicated in the preceding paragraph, but may pass the 1st M.B. Examination before commencing residence. The successful candidates for the 1st and 2nd M.B. Examinations for the Degree of Bachelor in Medicine will be arranged in three classes; in the first and second—Honours—in order of merit, and in the third—Pass—in alphabetical order.

For the *Degree of Master in Surgery*, Candidates must have passed the examination for the Degree of Bachelor in Medicine, and must have attended one Course of Lectures on Operative Surgery. Each Candidate will have an additional paper on Surgery, and will have to perform operations on the dead body and explain the use of instruments.

For the *Degree of Doctor of Medicine*, Candidates must be not less than 24 years of age, must have obtained the Degree of Bachelor of Medicine at least two years previously, and in the interval have been engaged in Medical or Surgical Practice. Each Candidate must write an Essay, based on original research or observation, on some Medical Subject selected by himself and approved by the Professor of Medicine, and must pass an Examination thereon, and must be prepared to answer questions on the other subjects of his Curriculum so far as they are related to the subject of the Essay. A Gold Medal will be awarded to the Candidate who presents the best Essay in the year (provided that the Essay is judged to be of sufficient merit). The successful Candidate will be permitted to publish his Essay. Candidates, for their Essays, must use folio-ruled paper, according to pattern, to be obtained of the Secretary of the College of Medicine. The Essays will be returned by the Faculty of Medicine.

Candidates for any of the above Degrees must give at *least* 28 *days' notice* to the Registrar of the College, sending at the same time the Fee and the necessary Certificates.

THE DEGREE OF DOCTOR OF MEDICINE, FOR MEDICAL PRACTITIONERS OF FIFTEEN YEARS' STANDING, WITHOUT RESIDENCE.

The Warden and Senate of the University of Durham, with the view of affording to Practitioners of fifteen years' standing an opportunity of obtaining the degree of Doctor of Medicine, instituted a Special Examination, under the following regulations:—

1.—That the Candidate shall be registered by the General Council of Medical Education and Registration of the United Kingdom.

2.—That the Candidate shall have been in the active practice of his Profession for fifteen years as a qualified practitioner.

3.—That the Candidate shall not be under 40 years of age.

4.—That the Candidate shall produce a certificate of moral character from three respectable members of the Medical Profession.

5.—That if the Candidate shall not have passed, previous to his Professional Examination (by virtue of which he has been placed on the Register), an Examination in Arts, he shall be required to pass an Examination in Classics and Mathematics.

The subjects for this Examination shall be as follows:—

1.—An English Essay. (A short Essay on some subject to be specified at the time of Examination.)

2.—Arithmetic.

3.—Euclid—Books I. and II.

4.—Latin—Translations from Virgil, Æneid, Books I. and II., together with Grammatical Questions.

5.—One of the following subjects:—Greek—Translation from Xenophon's Memorabilia, Books I. and II., with Grammatical Questions. French—Translation from Voltaire's Charles XII., with Grammatical Questions. German—Translation from Goethe's "Dichtung und Wahrheit," with Grammatical Questions. Elements of Mechanics, Pneumatics, and Hydrostatics. Treatise on Moral, Political, or Metaphysical Philosophy.

6.—That if the Candidate shall have passed, previous to his Professional Examination (by virtue of which he has been placed on the Register), a Preliminary Examination, he shall be required to translate into English passages in any of the parts specified below of any one of the Latin Authors mentioned:—Cæsar, De Bello Gallico, first three books; Virgil, first three books of the Æneid; Celsus, first three books.*

The Candidate shall have an opportunity of showing proficiency in Greek, Moral Philosophy, or some Modern Language.†

7.—That the Candidate shall be required to pass an Examination in the following subjects:—Principles and Practice of Medicine, including Psychological Medicine, and Hygiene; Principles and Practice of Surgery; Midwifery and Diseases peculiar to Women and Children.

* The Candidate may choose for himself any one of the three above-named authors and works to be examined.

† For these subjects no extra marks are awarded.

Digitized by Google

Pathology—Medical and Surgical; Anatomy—Medical and Surgical; Medical Jurisprudence and Toxicology; Therapeutics.

8.—That the Fee shall be Fifty Guineas.

9.—That if the Candidate shall fail to satisfy the Examiners, the sum of Twenty Guineas shall be retained; but that if he shall again offer himself for the Examination, the sum of Forty Guineas only shall then be required.

An Examination, in accordance with the above regulations, will commence on June 23rd, 1884, and again in December, in the College of Medicine, Newcastle-on-Tyne.

Gentlemen intending to offer themselves as Candidates are requested to forward their names to Dr. Luke Armstrong, Registrar of the University of Durham College of Medicine, Newcastle-on-Tyne, on or before May 1st or Nov. 1st, together with the fee and the before-mentioned certificates.

CERTIFICATE OF PROFICIENCY IN SANITARY SCIENCE.

The Warden and Senate of the University of Durham, in recognition of the importance that Medical Officers of Health, or those seeking appointments as such, should possess a proof of their special acquirements, have instituted Examinations in State Medicine, by which the successful Candidates will be entitled to receive a Certificate of Proficiency in Sanitary Science.

FEES FOR THE EXAMINATIONS, LICENSES, DEGREES, AND CERTIFICATES:—

For Registration Examination, 1*l.*; for Extraordinary Registration Examination, 2*l.*; for the Extra Arts Examination for the Degree of Bachelor in Medicine, 1*l.*; for Public Examination in Medicine or in Surgery, each, 5*l.*; for License in Medicine, 3*l.*; for License in Surgery, 3*l.*; for Degree of Master in Surgery, 6*l.*; for Degree of Bachelor in Medicine, 6*l.*; for Degree of Doctor in Medicine, 6*l.*; for Degree of Doctor in Medicine for Practitioners of 15 Years' standing, 12*l.* 10*s.*; for Certificate in Sanitary Science, 5*l.* 5*s.*; for Certificate in Sanitary Science for Medical Officers of Health of five years' standing, 10*l.* 10*s.*

The Registrar or Secretary will give any information required. Applications with regard to Examinations should be made to the Registrar, Dr. Luke Armstrong, Clayton Street West, Newcastle-on-Tyne; all others to the Secretary, Mr. Henry E. Armstrong, University of Durham College of Medicine, Newcastle-on-Tyne.

VICTORIA UNIVERSITY, MANCHESTER.

The Degrees in the Faculty of Medicine shall be Bachelor of Medicine (M.B.), Doctor of Medicine (M.D.), and Master of Surgery (CH.M.)

All candidates for Degrees in Medicine and Surgery are required to have matriculated in the University; and to have satisfied the Examiners in the several subjects of an Examination, to be called the Entrance Examination in Arts; or to have passed the Preliminary Examination of the University, provided that Latin shall have been one of the subjects in which they shall have passed the said Examination; or to have passed such other Examination at may from time to time be recognized for this purpose by Statute of the University.

BACHELOR OF MEDICINE.

Before admission to the Degree of Bachelor of Medicine a candidate is required to present certificates that he will have attained the age of twenty-one years on the day of graduation, and that he has pursued the courses of study required by the University Regulations during a period not less than four years subsequently to the date of his registration as a Medical Student by the General Council of Medical Education, two of such years having been passed in a College of the University, and one year at least having been passed in a College of the University subsequently to the date of passing the Preliminary Examination in Science. All candidates for the Degree of Bachelor of Medicine are required to have satisfied the Examiners in the several subjects of three examinations, to be entitled respectively: The Preliminary Examination in Science; the Intermediate Examination; the Final Examination.

Preliminary Examination in Science.—Candidates, on presenting themselves for the Preliminary Examination in Science, are required to furnish certificates of having attended during at least one year courses in the several subjects of examination in accordance with the University Regulations for attendance, and to have passed the Entrance Examination in Arts, or such other examination as may have been recognized by Statute of the University in that behalf. The subjects of the Preliminary Examination in Science shall be: Chemistry, Inorganic and Organic; Elementary Biology (Zoology and Botany); Elementary Mechanics and Physics.

Candidates who have passed the Preliminary Examination of the University and the Intermediate or Final Examination in the Faculty of Science shall be regarded as having passed the Preliminary Examination in Science in the Faculty of Medicine, provided always that the subjects above-named shall have been included in such Examinations.

Intermediate Examination for the Degree of Bachelor of Medicine.—Candidates, on presenting themselves for the Intermediate Examination, are required to furnish certificates of having attended courses of instruction in each of the subjects of examination in accordance with the University Regulations for attendance, and to have passed the Preliminary Examination in Science. The subjects of the Intermediate Examination shall be: Anatomy; Physiology (including Physiological Chemistry and Histology); Materia Medica and Pharmacy.

Final Examination for the Degree of Bachelor of Medicine.—Candidates, on presenting themselves for the Final Examination for the Degree of Bachelor of Medicine, are required to furnish

SCOTLAND IRELAND ARMY, NAVY, DENTAL &c. FOREIGN

Digitized by Google

certificates of having attended courses of instruction in the several subjects of the examination in accordance with the University Regulations for attendance, and to have passed the Intermediate Examination for the said Degree. The subjects of the Final Examination shall be: Systematic, Practical, and Clinical Surgery; Systematic and Clinical Medicine, including Mental Diseases; Obstetrics and Diseases of Women and Children; Pharmacology and Therapeutics; General Pathology and Morbid Anatomy; Forensic Medicine; Hygiene.

The Final Examination shall be divided into two parts, called the First Part and the Second Part respectively, which may be passed separately, as hereinafter provided, or on the same occasion. The First Part of the Final Examination shall consist of an examination in Systematic Surgery, Pharmacology and Therapeutics, and General Pathology. Candidates shall be permitted to offer themselves for examination in these subjects at any time not prior to the completion of their third year of medical study, provided that they furnish certificates of having satisfied the University requirements as to attendance in the said subjects, and that they have passed the Intermediate Examination for the Degree of Bachelor of Medicine. No candidate shall be admitted to the Second Part of the Final Examination until he has completed his fourth year of medical study in accordance with the University Regulations.

DOCTOR OF MEDICINE.

No Candidate shall be admitted to the Degree of Doctor of Medicine unless he has previously received the Degree of Bachelor of Medicine, and at least one year has elapsed since he passed the Examination for that Degree. Candidates for the Degree of Doctor of Medicine are required to present a printed dissertation embodying the results of personal observations or original research, either in some department of medicine or of some science directly relative to medicine. No candidate will be admitted to the Degree unless his dissertation, after report from the Departmental Board of Medical Studies, shall have been recommended by the General Board of Studies to the Council for acceptance in that behalf. Candidates may be examined on any subject connected with their dissertations.

MASTER OF SURGERY.

No candidate shall be admitted to the Degree of Master of Surgery unless he has previously received the Degree of Bachelor of Medicine, and at least one year has elapsed since he passed the Examination for that Degree. Candidates on presenting themselves for the examination for the Degree of Master of Surgery, are required to have graduated as Bachelors of Medicine in this University, and to furnish certificates of having, during the intervening period, satisfied the University requirements for attendance and study. The subjects of Examination shall be:—Surgical Anatomy, Surgical Pathology, Practical Surgery, including the performance of operations on the dead body, Clinical Surgery, Ophthalmology.

FEES TO BE PAID ON MATRICULATION AND FOR EXAMINATIONS AND DEGREES.

No fee shall entitle to admittance to more than one Examination. The fee for Matriculation shall be 2*l.*, and shall include the fee for the Entrance Examination in Arts; a fee of 1*l.* is payable for any subsequent Entrance Examination; The fee for the Preliminary Examination in Science shall be 1*l.*; for the Intermediate Examination for the Degree of M.B. 1*l.*; for the Examination for the Degree of M.B. 2*l.*; for the Examination for the Degree of Ch.M. 2*l.*; of 2*l.* shall be payable on sending in the Dissertation for the Degree of M.D.; 5*l.* on the completion of the Degree of M.B.; 10*l.* on that of M.D., and 10*l.* on that of Ch.M.

Regulations for Attendance and for Examinations for the Degree of Bachelor of Medicine. Candidates, before admission to the Second Part of the Final Examination for the Degree of Bachelor of Medicine, are required to furnish certificates of having completed four years of medical study. Two of these years must be passed in a College of the University, one at least being subsequent to the passing of the Preliminary Examination in Science. The other two years may be passed at any College or Medical School recognized for this purpose by Statute of the University. A year of medical study shall be understood to mean a winter session of six months and a summer session of three months. The four years of medical study shall be reckoned from the date at which the name of the candidate was placed on the register of the General Council of Medical Education.

Candidates, on presenting themselves for the Preliminary Examinations in Science, are required to furnish certificates of attendance during at least one year on the following courses of instruction either in a College of the University or in a College or Medical School recognized for this purpose by Statute of the University:—Chemistry, Inorganic and Organic: Lectures and Laboratory work; Elementary Biology (Zoology and Botany): Lectures and Laboratory work; Elementary Mechanics and Physics: Lectures and Laboratory work.

Candidates, on presenting themselves for the Intermediate Examination for the Degree of Bachelor of Medicine, are required to furnish certificates of having attended courses of instruction approved by the University, either in a College of the University or in a College or Medical School recognized for this purpose by Statute of the University, in the following subjects:—Anatomy, One Winter Session. Physiology—Two Winter Sessions. Materia Medica and Pharmacy, Summer Session.

Candidates, on presenting themselves for the Final Examination, shall be required to furnish certificates of having attended the medical and surgical practice of a hospital or hospitals, approved by the University, during at least three years, of which years, except when exemption has been granted by the General Board of Studies, after report from the Departmental Board of Medical Studies, two at least must be subsequent to the date of passing the Intermediate Examination. Of having attended during at least twelve months demonstrations in the *post-mortem* theatre of a hospital. Of having attended, under proper supervision, at least twenty cases of labour, having, during at least three months, received in either a general or a special hospital, appropriate

he University, such clinical instruction in the diseases peculiar to women as shall be approved by he University. Of having acquired proficiency in vaccination. Of having attended courses of nstruction approved by the University, in a College of the University or in a College or Medical chool recognized for this purpose by Statute of the University, in the following subjects:—Systematic Medicine—Two Winter Sessions. Clinical Medicine—Two years. Systematic Surgery—ne Winter Session. Practical Surgery—One Winter Session. Clinical Surgery—Two years. bstetrics and Diseases of Women and Children—Two Summer Sessions or One Winter Session. harmacology and Therapeutics—One Winter Session or One Summer Session. General Pathogy and Morbid Anatomy—One Winter Session and One Summer Session. Forensic Medicine—e Summer Session. Hygiene—One Summer Session.

MASTER OF SURGERY.

Candidates, before admission to the Examination for the Degree of Master of Surgery, are quired to furnish certificates which shall be deemed satisfactory by the University that they have n engaged since taking the Degree of Bachelor of Medicine in the study of Practical Surgery, l that they have held, for not less than six months, a Surgical appointment in a public hospital, other public institution affording full opportunity for the study of Practical Surgery.

Candidates for the Degree of Master of Surgery are also required to furnish certificates of ing attended a special course of instruction in Operative Surgery, approved by the University, of having personally practised the principal surgical operations on the dead body. Of ing attended a systematic course of instruction, including practical work, approved by the versity, on Surgical Pathology, or a course of the same kind, of which Surgical Pathology forms t. Of having attended a course of Ophthalmology, and of having received instruction in thalmic Surgery, approved by the University.

PROVINCIAL SCHOOLS OF MEDICINE.

BIRMINGHAM.—QUEEN'S COLLEGE.

(*Incorporated by Special Act of Parliament.*)

WINTER SESSION.

Medicine: Prof. B. Foster, M.D. *Surgery:* Profs. O. Pemberton and Furneaux Jordan. *Anatomy:* Prof. W. Thomas, M.B. *Physiology:* Profs. J. B. Haycraft, M.B. *Chemistry:* Prof. W. A. Tilden. *Demonstrators of Anatomy:* B. May and H. Eales. *Pathology:* Dr. E. Richards.

SUMMER SESSION.

Midwifery: Profs. John Clay and John Bassett, M.D. *Forensic Medicine:* Prof. J. St. S. Wilders. *Toxicology:* Prof. A. B. Hill, M.D. *Practical Chemistry:* Prof. W. A. Tilden. *Botany:* Prof. W. Hillhouse. *Materia Medica and Therapeutics:* Prof. J. Sawyer, M.D. *Dental Anatomy:* Mr. F. R. Batchelor. *Dental Mechanics:* Mr. C. Sim. Prof. Thomas Howkins. *Dental Surgery:* *Medical Tutor:* Dr. C. W. Suckling.

BIRMINGHAM GENERAL HOSPITAL, SUMMER-LANE.—Established 1772, contains 240 beds. Upwards of 30,000 Patients received Medical and Surgical relief during last year.

QUEEN'S HOSPITAL, BATH-ROW.—The Hospital contains 150 beds, which are constantly filled. During the past year relief was afforded to over 2000 In-patients.

A. H. CARTER, M.D., *Hon. Sec. to the College.*

For further particulars, see page 1496.

BRISTOL MEDICAL SCHOOL.

WINTER SESSION.

Medicine: Drs. Spencer and Skerritt. *Surgery:* Mr. Dobson. *Chemistry:* Mr. Coomber. *General Anatomy and Physiology:* Dr. Smith. *Anatomy:* Mr. Cross. *Hygiene:* Mr. Davis. *Demonst. of Anat.:* Mr. W. H. Harsant. *Demonst. of Physiol.* Mr. G. M. Smith. *Medical Tutor:* Mr. Little.

SUMMER SESSION.

Botany: Mr. Leipner. *Materia Medica:* Dr. Shaw. *Midwifery:* Dr. Swayne and Dr. Lawrence. *Forensic Medicine:* Dr. Eager and Dr. Harrison. *Practical Chemistry:* Mr. Coomber. *Practical Physiology:* Mr. Atchley. *Pathological Anatomy:* Drs. Spencer and Skerritt. *Practical Surgery:* Mr. Prichard. *Operative Surgery:* Mr. Keall. *Comparative Anatomy:* Prof. Sollas.

BRISTOL ROYAL INFIRMARY.—The Infirmary contains 264 beds. The number of In-patients last year was 2863; the number of Out-patients, 30,479.

BRISTOL GENERAL HOSPITAL.—The Hospital contains 150 beds. The number of In-patients treated during the past year was 1600; the number of Out-patients, 14,000. E. M. Skerritt, M.D.

CAMBRIDGE MEDICAL SCHOOL.

MICHAELMAS TERM.

LONDON PROVINCIAL

Digitized by Google

PROVINCIAL MEDICAL AND SCIENTIFIC SOCIETIES.

ASSOCIATION OF FELLOWS OF THE ROYAL COLLEGE OF SURGEONS OF ENGLAND.—Established 1882. *Chairman*, Mr. C. G. Wheelhouse; *Treas.*, Mr. W. D. Husband; *Sec.*, T. H. Bartleet, M.B. (27, Newhall-st. Birmingham). The annual meeting is held at the same place as, and during the session of, the British Medical Association.

BATH NATURAL HISTORY SOCIETY.—Established 1878. *Pres.*, Mr. T. Aitken; *Vice-Pres.*, Messrs. Worrall, Brown, Snell, McNaught, Clegg, and Stewart; *Treas.*, Mr. T. Witham; *Hon. Secs.*, Messrs. G. Calvert and J. Holmes. Rambles are taken every fortnight during the summer months, and in the winter evenings meetings are held at the Society's rooms for the discussion of papers.

BATH MICROSCOPICAL SOCIETY.—Established 1858. *Pres.*, J. S. Bartrum; *Pres. Elect*, Mr. W. Pumphrey; *Vice-Pres.*, Rev. E. T. Stubbs, and Dr. Hensley; *Treas.*, Mr. C. Terry; *Sec.*, Mr. R. H. Moore (13, Pulteney-gardens); *Libr. and Curat.*, Mr. H. Hillier. The Society meets the first Tuesday in each month, from October to June, inclusive, at eight p.m., at the Bath Mineral Water Hospital. Annual Meeting first Tuesday in October.

BATH PATHOLOGICAL AND CLINICAL SOCIETY.—Established 1864. *Pres.*, E. Field, M.B.; *Hon. Sec.*, Mr. R. Davies (38, Gay-st.) The Society meets on the second Tuesday in the month (except January), from October to April, inclusive, at eight p.m., at the Royal United Hospital, Bath. Annual Meeting second Tuesday in October.

BIRMINGHAM AND MIDLAND ASSOCIATION OF MEDICAL OFFICERS OF HEALTH.—Established 1876. *Pres.*, Mr. G. H. Fosbroke; *Vice-Pres.*, Messrs. W. Strange, M.D., and C. Perks; *Comm.*, Messrs. J. Darwen, J. Manley, J. B. Welch, G. Wilson, M.D., A. Hill, M.D., F. T. Bond, M.D., W. N. Thursfield, M.D., M. Fenton, M.D., and H. Page; *Treas.*, A. B. Hill, M.D.; *Hon. Sec.*, Mr. H. May (37, Birchfield-rd. Birmingham). The Association meets at three p.m. on the first Thursday in January, April, July, and October, at the Council House, Birmingham. The Annual Meeting is held in January.

BIRMINGHAM MEDICAL BENEVOLENT SOCIETY.—Established 1821. *Pres.*, Mr. W. Smith; *Pres. Elect.*, Mr. Gamgee; *Vice-Pres.*, Mr. Nason and Mr. L. Owen; *Treas.*, Mr. Bartleet and Dr. Sawyer; *Directors*, Dr. Agar, Dr. R. L. Baker, Mr. E. Chesshire, Dr. Foster, Mr. Marriott, Dr. Savage, Mr. Solomon, Dr. Wade, and Mr. Taylor; *Hon. Sec.*, Dr. J. Sawyer (22, Temple-row). Since the commencement, the sum of 10,307*l.* 11*s.* has been administered in half-yearly grants, most of the recipients being Widows with Families, and in ten instances Practitioners disabled by disease. The value and importance of the relief thus granted may be best appreciated by the fact that, in two instances, in which Fourteen Guineas only had been paid in Subscriptions, the sum of 415*l.* in one, and in the other 1247*l.* 10*s.*, have been granted; and that in the latter case the Widow is still enjoying the bounty of the Society; whilst in the former, the assistance was discontinued by the request of the recipient, in consequence of the amended state of her circumstances. In other cases sums varying from 80*l.* to 200*l.* have been granted. The Annual Meeting is held at the Medical Institute, Birmingham, on the last Friday in May.

BIRMINGHAM MEDICAL INSTITUTE, EDMUND-STREET.—Established 1874. *Pres.*, Dr. Wade; *Vice-Pres.*, Mr. G. Jones; *Hon. Secs.*, Messrs. W. G. Archer and J. Hunt; *Hon. Librs.*, Mr. D. C. L. Owen and Dr. Saundby; *Sub-Libr.*, Mr. T. G. Johnson. This institution has a Medical Library of 8500 vols., and Reading Room. General meetings in March and October.

BIRMINGHAM.—MIDLAND MEDICAL SOCIETY.—Established 1848. *Pres.*, Dr. G. F. Bodington; *Hon. Treas.*, Mr. Harmar; *Hon. Secs.*, Dr. T. F. Chavasse (Temple-row), and Dr. C. W. Suckling (Newhall-st.) The meetings are held in the Medical Institute, Edmund-st., twice monthly, on Wednesday evenings, at 7.30 p.m., from October to April inclusive.

BIRMINGHAM NATURAL HISTORY AND MICROSCOPICAL SOCIETY.—Established 1864. *Pres.*, Mr. C. H. Waller; *Vice-Pres.*, Messrs. W. G. Blatch and R. W. Chase; *Treas.*, Mr. C. Pumphrey; *Hon. Secs.*, Mr. J. Morley (24, Sherbourne-rd. Birmingham) and Mr. W. B. Grove (269, St. Vincent-st., Ladywood); *Libr.*, Mr. J. E. Bagnall; *Curators*, Messrs. R. M. Lloyd and H. Miller; *Comm.*, Messrs. W. J. Harrison, E. Tonks, S. Wilkins, E. W. Badger, W. P. Marshall, and W. J. Wilkinson. The Society meets every Tuesday evening at Mason's College, at 7.30 p.m. Annual Meeting first Tuesday in February.

BIRMINGHAM.—QUEEN'S COLLEGE MEDICAL SOCIETY. Established 1877. *Pres.*, Dr. Simon; *Comm.*, Messrs. J. Lloyd, A. F. Clay, T. Richards, S. Barwise, E. H. Corder, and E. C. Johnstone; *Hon. Secs.*, Messrs. T. Nelson (Gen. Disp.) and J. Edwards (Malton Villa, Balsall Heath, nr. Edgbaston). Meetings are held in the Library of Queen's College twice monthly, on Wednesday evenings at 8 p.m.

BOLTON MICROSCOPICAL SOCIETY.—Established 1877. *Pres.*, Mr. C. L. Jackson; *Treas.*, Mr. J. Walmsley; *Curator*, Mr. G. S. Heaton; *Hon. Sec.*, Mr. W. Rideout (361, New-rd. Halliwell, Bolton). The Society meets at 8 p.m. in Maudsley-st. Board Schools, on the first Thursday in each month from September to May inclusive. Annual meetings in October.

BOURNEMOUTH MEDICAL SOCIETY.—Established 1875. *Pres.*, H. G. Turner; *Vice-Pres.*, Dr. J. W. Nunn; *Hon. Sec.*, Dr. Frazer (Elmhurst). The Annual Meeting is held in January; other meetings during the months of March, June, and October in the Board Room of the Town Hall.

BRADFORD MEDICO-CHIRURGICAL SOCIETY.—Established 1863. *Pres.*, Mr. W. H. Ellis; *Treas.*, Mr. J. C. Denby; *Sec.*, D. Goyder, M.D. (88, Gt. Horton-rd. Bradford); *Libr.*, Mr. H. W. Phillips; *Comm.*, Messrs. H. Butterfield; A. Rabagliati, M.D., J. Mossop, and W. G. Burnie; *Patholo-*

SCOTLAND IRELAND FOREIGN ARMY, NAVY, DENTAL &C.

H. Airy, Esq., M.D.	David Page, Esq., M.D.
W. H. Power, Esq.	

[illegible]tate reference to this List, the following explanation is necessary :—
The COUNTIES are arranged *alphabetically*; as are also the UNIONS under each County.
[illegible]ach *paragraph* contains the particulars of *one union*. The name of the Union is given in *small* [illegible], and the name of each district in *italics*. The letter P. is placed before the *Population*, [illegible] letter A. before the *Area* in *Acres*. Then follows the name of the Medical Officer, with the [illegible] of his salary.
[illegible] a few of the Unions an asterisk * has been prefixed, to signify that the Clerks of such [illegible] have not replied to the inquiries forwarded to them. For the correctness of the entries so [illegible], the Editors do not hold themselves responsible.
[illegible] those cases where the amounts of extras have been given, it may, *as a rule*, be inferred that [illegible]dical fees and vaccination charges have been included.
